

## HUMANITARIAN ASSISTANCE

Provided quality, life-saving humanitarian assistance for close to 1,465,000 disaster/crisis-affected people (1,463,381 - 21 projects, in 4 countries)

### 4a. # and % of disaster/crisis-affected people supported through/by CARE who obtained adequate emergency shelter and/or recovered adequate housing

Supported over 64,000 disaster/crisis-affected people to obtain adequate emergency shelter and/or recover adequate housing (64,365 - 4 projects, in 3 countries)

MAHAFATOKY provided adequate shelter/housing for 26,630 people (55.5 % women & girls), 5.7% of those requiring assistance (Madagascar)  
Emergency Response: Drought and Cyclone provided adequate shelter/housing for 25,629 people (85.3 % women & girls), 15.2% of those requiring assistance (Mozambique)  
ECHO II Recovery project provided adequate shelter/housing for 7,200 people (52 % women & girls), 100% of those requiring assistance (Malawi)

### 4d. # and % of disaster/crisis-affected people supported through/by CARE who used adequate hygiene practices

Supported close to 10,000 disaster/crisis-affected people to use adequate hygiene practices (9,977 - 1 project)

ECHO II Recovery project enabled the use of adequate hygiene practices by 9,977 people, 100% of those requiring assistance (Malawi)

### 4g. # and % of disaster/crisis-affected people supported through/by CARE who had access to at least one SRH service (specially women reproductive age and adolescents)

No data yet to report

### 4b. # and % of disaster/crisis-affected people supported through/by CARE who had access to safe drinking water

Supported over 71,000 disaster/crisis-affected people to have access to safe drinking water (71,325 - 5 projects, in 4 countries)

Emergency Response: Drought and Cyclone enabled access to safe drinking water for 45,421 people (Mozambique)  
Humanitarian Food & Nutrition Security and Resilience to Climate Change enabled access to safe drinking water for 11,817 people, 28.14% of those requiring assistance (Madagascar)  
ECHO II Recovery project enabled access to safe drinking water for 9,977 people, 100% of those requiring assistance (Malawi)

### 4e. # and % of disaster/crisis-affected people supported through/by CARE who obtained adequate food quantities and quality

Supported over 1,209,000 disaster/crisis-affected people to obtain adequate food (1,209,241 - 17 projects, in 4 countries)

Emergency Cash First Response to Drought-affected communities in the Southern provinces of Zimbabwe enabled the provision of adequate food for 400,279 people, 9.76% of those requiring assistance (Zimbabwe)  
PRRO 200692: TARGETED FOOD DISTRIBUTION in Ntcheu and Nsanje districts enabled the provision of adequate food for 259,265 people, 80.05% of those requiring assistance (Malawi)  
Enhancing Nutrition Stepping Up Resilience and Enterprise (ENSURE) enabled the provision of adequate food for 118,429 people, 40.4% of those requiring assistance (Zimbabwe)

### 4h. # and % of disaster/crisis-affected people supported through/by CARE who recovered household goods, assets, and/or income opportunities

Supported over 49,000 disaster/crisis-affected people to recover household goods, assets and/or income opportunities (49,071 - 3 projects, in 1 country)

Réponse d'urgence pour soutenir les personnes vulnérables victimes d'El Niño dans le Grand Sud de Madagascar supported recovery of goods, assets or income opportunities for 24,649 people (48.8 % women & girls), 13.8% of those requiring assistance (Madagascar)  
Humanitarian Food & Nutrition Security and Resilience to Climate Change supported recovery of goods, assets or income opportunities for 20,662 people (83.2 % women & girls), 65.1% of those requiring assistance (Madagascar)  
MAHAFATOKY supported recovery of goods, assets or income opportunities for 3,760 people (57.6 % women & girls), 1.6% of those requiring assistance (Madagascar)

### Other Humanitarian Indicators

No data yet to report

### 4c. # and % of disaster/crisis-affected people supported through/by CARE who had access to adequate sanitation facilities

Supported over 10,000 disaster/crisis-affected people to have access to safe drinking water (10,384 - 2 projects, in 2 countries)

ECHO II Recovery project enabled access to adequate sanitation facilities for 9,977 people, 100% of those requiring assistance (Malawi)  
Enhancing Nutrition Stepping Up Resilience and Enterprise (ENSURE) enabled access to adequate sanitation facilities for 407 people, 98.31% of those requiring assistance (Zimbabwe)

### 4f. # and % of disaster/crisis-affected people supported through/by CARE who adopted adequate nutritional practices

Supported over 195,000 disaster/crisis-affected people to adopt adequate nutrition practices (195,216 - 3 projects, in 3 countries)

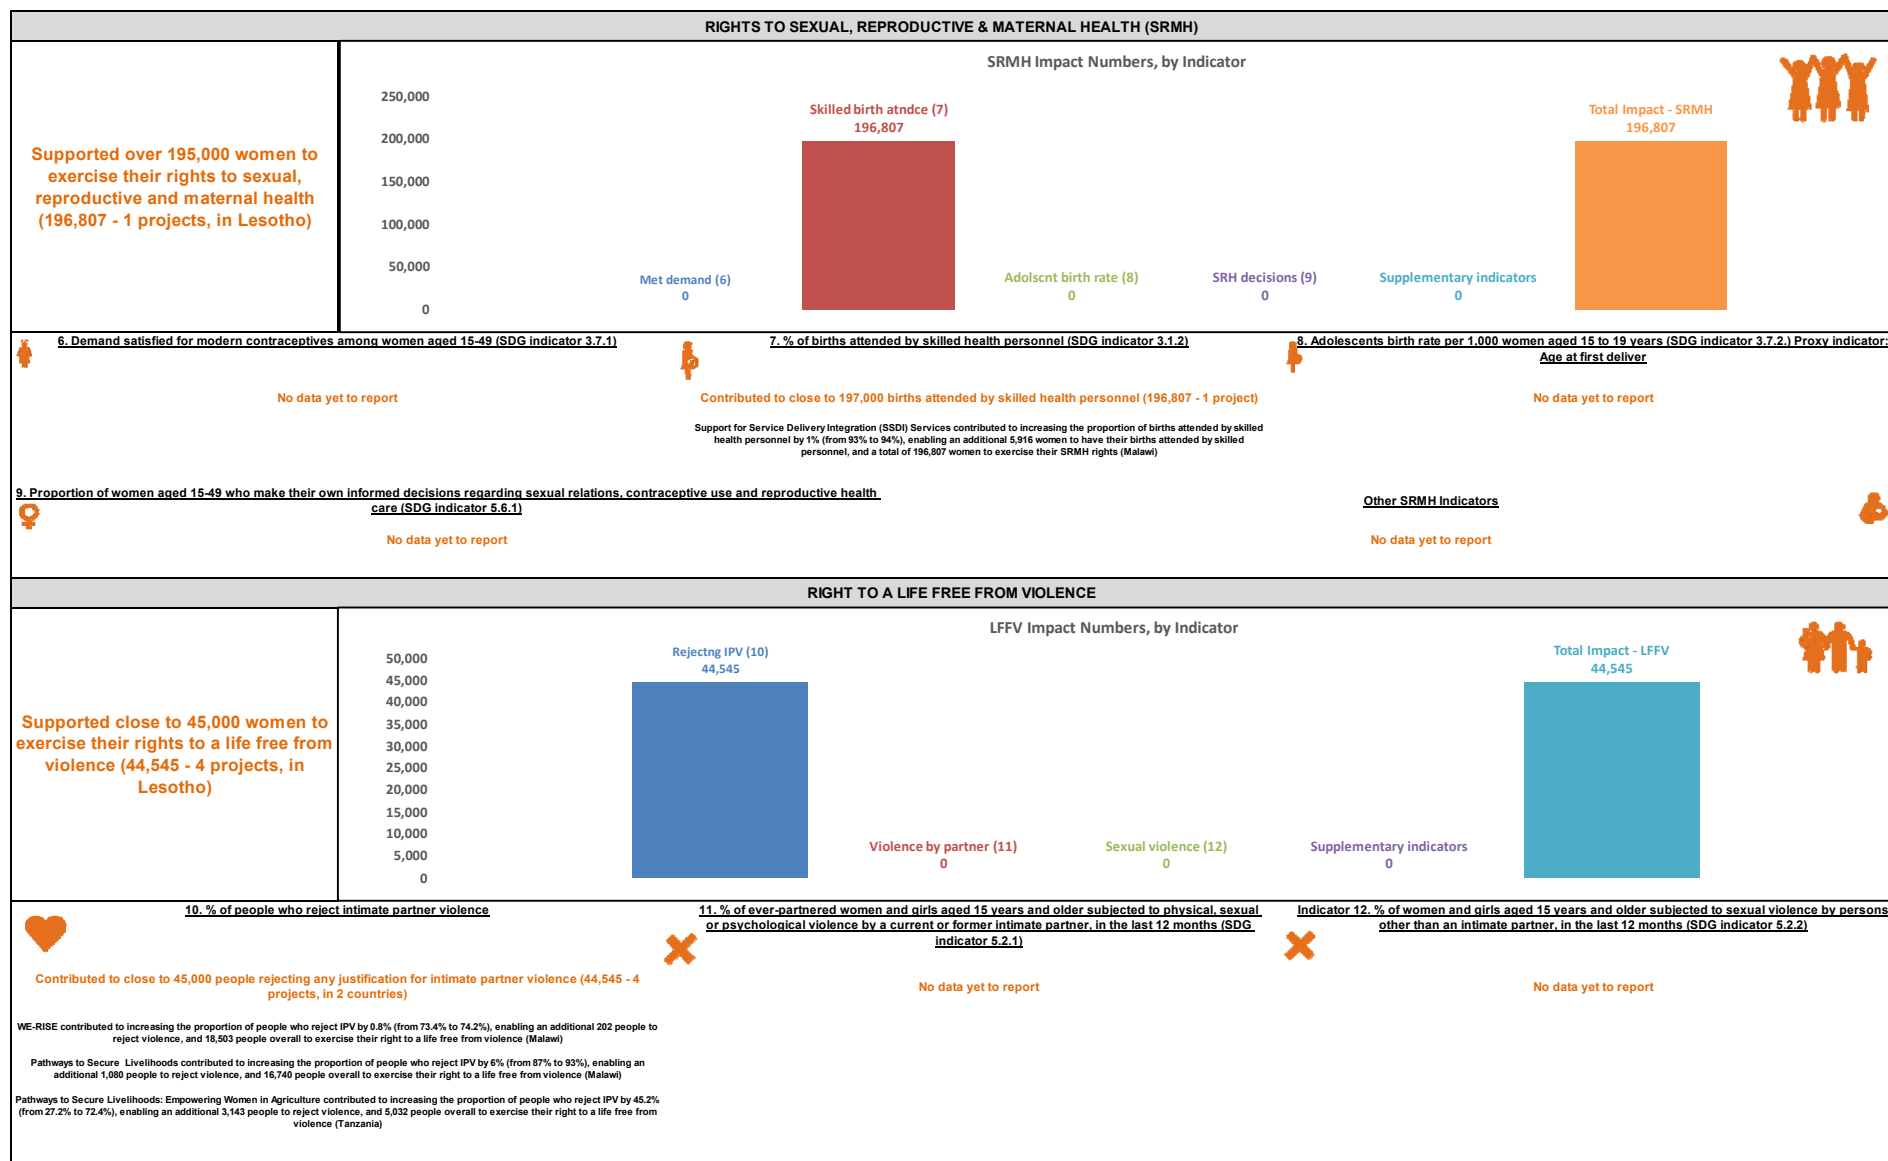

Emergency Response: Drought and Cyclone supported the adoption of adequate nutritional practices by 171,230 people (Mozambique)  
ECHO-EL Nino Response supported the adoption of adequate nutritional practices by 22,381 people, 14.74% of those requiring assistance (Malawi)  
Southern Madagascar Drought Relief and Risk Reduction Program supported the adoption of adequate nutritional practices by 1,605 people, 16.05% of those requiring assistance (Madagascar)

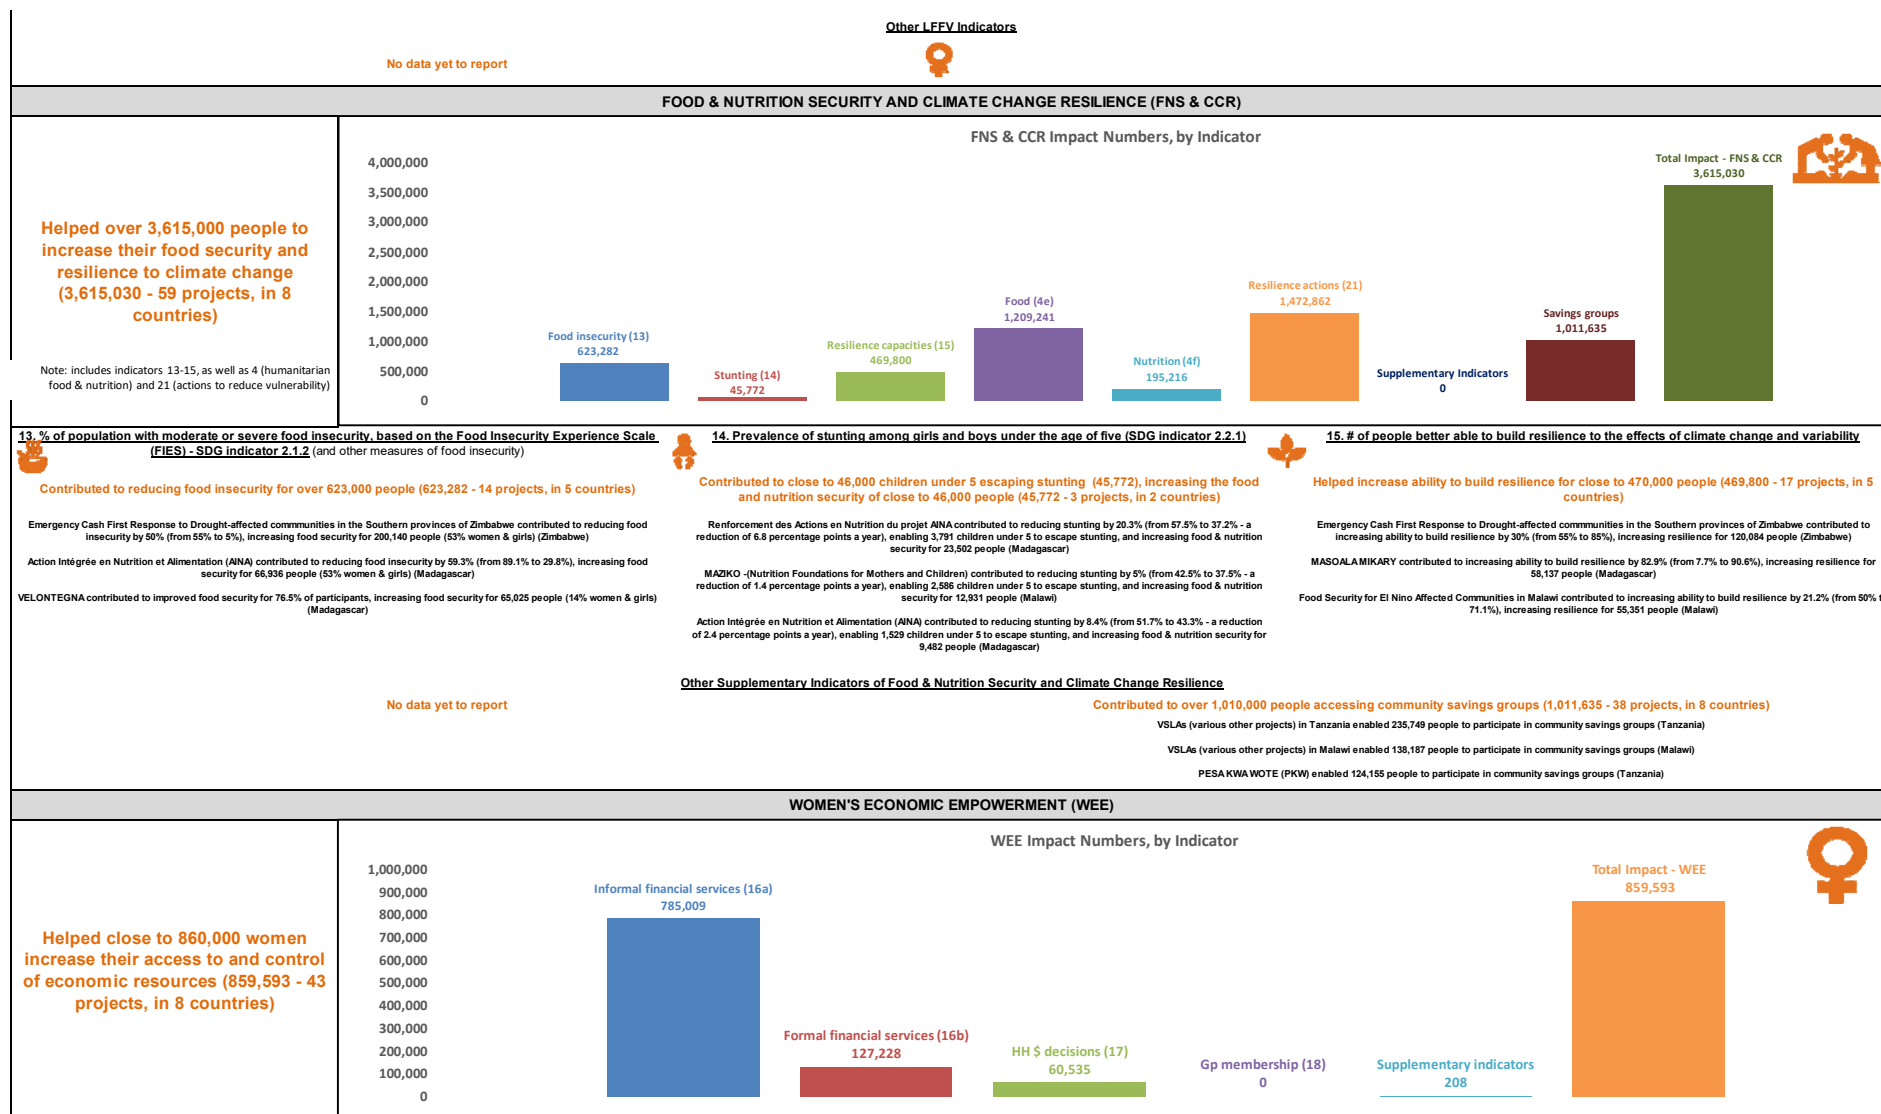

### 5. % of disaster/crisis affected people in areas of CARE responses who report satisfaction with regards to relevance, timeliness and accountability of humanitarian interventions

Close to 667,000 disaster/crisis-affected people surveyed reported satisfaction with the relevance, timeliness or accountability of CARE & partners' humanitarian interventions (666,555 - 10 projects, in 4 countries)

Emergency Response: Drought and Cyclone: 206,017 people were satisfied with the humanitarian assistance (95% of those receiving support) (Mozambique)  
PRRO 200692: TARGETED FOOD DISTRIBUTION in Ntcheu and Nsanje districts: 150,835 people were satisfied with the humanitarian assistance (88% of those receiving support) (Malawi)  
Enhancing Nutrition Stepping Up Resilience and Enterprise (ENSURE): 114,876 people were satisfied with the humanitarian assistance (97% of those receiving support) (Zimbabwe)

<p><b>16. # and % of women who are active users of financial services (informal services) (related to SDG indicator 8.10.2)</b></p>  <p>Enabled over 785,000 women to access informal financial services (785,009 - 34 projects, in 8 countries)</p> <p>VSLAs (various other projects) in Tanzania enabled 217,227 women to access informal financial services (Tanzania)</p> <p>VSLAs (various other projects) in Malawi enabled 115,166 women to access informal financial services (Malawi)</p> <p>PESA KWA WOTE (PKW) enabled 93,774 women to access informal financial services (Tanzania)</p> <p><b>18. % women with union, women's group, or cooperative membership through which they can voice their labour rights</b></p> <p>No data yet to report</p>	<p><b>16. # and % of women who are active users of financial services (formal services)</b></p>  <p>Enabled over 125,000 women to access formal financial services (127,228 - 11 projects, in 4 countries)</p> <p>Enhancing Community Resilience Programme (ECRP) enabled 39,330 women to access formal financial services (Malawi)</p> <p>Link UP enabled 35,355 women to access formal financial services (Tanzania)</p> <p>MICRO LEAD EXPANSION PROGRAM enabled 30,834 women to access formal financial services (Tanzania)</p> <p><b>18. % women with union, women's group, or cooperative membership through which they can voice their labour rights</b></p>  <p>No data yet to report</p>	<p><b>17. % of women who (report they) are able to equally participate in household financial decision-making</b></p>  <p>Contributed to an increase of over 60,000 women reporting being able to participate equally in household financial decision-making (60,535 - 13 projects, in 5 countries)</p> <p>Enhancing Community Resilience Programme (ECRP) contributed to increasing the proportion of women able to participate equally in HH financial decisions by 13% (from 34% to 47%), enabling an additional 14,778 women to have control over economic resources (Malawi)</p> <p>Action Intégrée en Nutrition et Alimentation (AINA) contributed to increasing the proportion of women able to participate equally in HH financial decisions by 43.3% (from 0% to 43.3%), enabling an additional 14,029 women to have control over economic resources (Madagascar)</p> <p>IMPROVING GIRLS ACCESS THROUGH TRANSFORMING EDUCATION (IGATE) contributed to increasing the proportion of women able to participate equally in HH financial decisions by 20% (from 55% to 75%), enabling an additional 10,000 women to have control over economic resources (Zimbabwe)</p> <p><b>Other Supplementary Indicators of Women's Economic Empowerment</b></p> <p>Contributed to over 0 women improving other aspects of economic empowerment (208 - 2 projects, in 2 countries)</p> <p>WOMEN EMPOWERMENT BUSINESS DEVELOPMENT (WEBD) contributed to increased employment for 156 women (Zambia)</p> <p>Projet d'Assainissement Innovant en milieu Urbain (PAUI) contributed to increased employment for 52 women (Madagascar)</p>
